Thankyou GBAS for the invitation to judge at this my first CC appointment.A hardworking committee providing a well run show.Thankyou also to my efficient stewards. The eagerly anticipated day dawned and with particular reference to the horrendous weather conditions, I take this opportunity to thank all exhibitors for making such an effort to show your lovely springers. We were allocated a super-sized ring - the non-slip concrete floor being advantageous for assessing movement - this proved to be punishing for those in soft condition and/or overweight of which there was a good few! This can of course be easily remedied. All exhibits were super clean and care taken with presentation.

1st SH CH MEADOWDALE ALABAMA SLAMMER AT ACREGATE SHCM (MISS J TRACZ)

A good start to the day with this gentleman of a dog. Well presented and with a decent headpiece and kind eye,balanced both fore and aft with firm topline,deep in brisket, spring to ribs and strength over loin.Works at one with handler to provide steady ad sound movement. Owner should be justifyably proud of his super fit condition.shortlisted for BVIS.

1st CALVDALE KEELMAN (MR & MRS M CALVERT)

my notes say 'smart' - yes he was and at 6 months on the day took his debut in his stride. His handlers gentle approach settled this young dog past the flashing blue christmas tree lights(! ) to provide a confident mover with promise. Good proportions to head with correct eye shape and colour, nice arch to neck and super front assembly,enough body depth and correct in hind angulation,good bone and neat feet.Shown in gleaming coat.

2nd LORDSETT UNFORGIVEN AT BERESFORD (IMP POL) (MRS T E TOPLISS)

Different style of puppy and more mature in body properties. Liked his overall shape and size.He had a good 'doggy' head;skull to foreface ratios were excellent and with a glint in his well shaped eye decided he'd rather play 'puppet on a string' than show off his gait! Closer inspection and this extrovert had much to commend - a good front,well-bodied,good chunky rump,super bone and neat feet.

1st CALVDALE COSTA JW (MR & MRS M CALVERT)

A quality dog with much to commend. Masculine headpiece without being overdone. Kindest of expression and displaying work around eyes. Strong neck with super arch leading to good lay of shoulder, ample heart room and well developed ribcage, short coupled, good width to well developed strong thighs, well off for bone and good cat-like feet. Little short in furnishings but none the less beautifully presented. Moved well both fore and aft with an assured positive stride.

1st PEASBLOSSOM NEMESIS WITH JONABAR (MR J W & MRS B ELLIOTT)

A well presented l/w dog. Lovely head with well moulded skull and proportionate foreface. Correct eyeshape although eye to darken a little. Strength in neck and good front, a tad stuffy over withers. Feel he is a work in progress as body at the developing stage but as he is just two has time. Well off for bone and tidy feet. Moved with animation

2nd BAXBALACH RUMOUR HAS IT (MRS F MCGOVERN)

A dark l/w in full bloom. Beautifully turned out and in gleaming coat. Has strong masculine head with correct eye shape and colour. Robust in body and balanced both fore and aft with well muscled rear. Sound mover but roached his back which detracted from an otherwise fine performance

A very balanced dog with typical springer attributes. Had substance all through and in good hard condition. Head of nice proportions with kind expression and good eye. Strength in neck with good shoulders and excellent return and length of upper arm. Firm topline and good over loin. Great body depth, nicely coupled and strength in moderately angled hind quarters. Good bone and strength in pasterns, feet could be a little tighter but didn't stop this boy outmoving the rest of this class with his powerful reach and drive, well held topline and animated style

2nd MERRYWATER MINSTREL AT KINGSHEATH SHCM (MRS K WHITTOCK)

ShCM Loved this dog's head - full of quality and so well sculpted, such a gentle expression from well rimmed dark eyes. Proportionate moulded skull to muzzle with good stop and fluting. A good reachy neck, desired arch and more than decent front, good body width and depth with nice length to back, pleasing quarters and well set on tail. Moved true with forward reach and drive behind - could not match 1 for overall substance and carriage

A striking bitch in her gleaming l/w jacket. Great sense of proportion providing an aesthetically pleasing profile picture. From her attractive sculpted head to her well set on tail ; clean lines and well made all through. A feminine headpiece which is balanced, eyes to darken a little but did not detract from sweet and alert expression. Super arch to neck and textbook front, proportionate in body with good length to back and nicely coupled. good at croup with nice turn to stifle, neat in hock and tidy feet. On the move and this young bitch showed her little socks off - carried herself beautifully with great extension ,level topline and drive from her rear. The more was asked of her the better her performance. Delighted to award her the RCC.
