Thank you to the committee for inviting me to judge their open show. There was a lovely large outdoor ring to give the dogs plenty of opportunity to move. Some lovely dogs seen, all with that great springer temperament. Unfortunately too many dogs lack correct exercise and this showed particularly in the rear movement and flat feet with long nails, presentation did not help in some cases. Very pleased with overall winners

JD

1 Walkers' Lochbride Mastercraftsman at Dexbenella
Liver & white 16mth old. Well presented in lovely coat. Foreface and skull in proportion in length, starting to develop under the eyes and through the stop, would like more width to the skull but he's young so has time on his side. Well set correct shaped eyes, good colour. Good length neck, into well laid back shoulders. Straight front, well boned legs into tight compact feet. Deep chest, balanced length of body. Well let down hindquarters, which he used to move well around the ring.

2 Wakelens' Seaspring Beat To Quarters
14 mth old. Broader in skull than 1 and eyes needs to darken. Good straight front and length of upper arm. Feet need to tighten. Good length of body. Moved okay

Juniors

1st - Kaitlyn Nicholson

A polite young handler, talking to her dog at all times, showing the dog at a good standard, showed the teeth neat and gently. Good pattern work with straight lines and tight corners. Presented the dog lovely and moved the dog at a correct pace. A smart handler to watch in the future.

2nd Phoebe Toublic

Adults

Easy winner for this class as she showed her dog to the best of it's ability. Jackie showed the teeth correctly, presented her dog well even though the dog was a little

un-settled on the stand but coped well. Neat pattern work with good straight lines. A relaxed and good handler.
