This was my first appointment in the breed at this level, and I enjoyed my day. Many thanks to SKC for inviting me and to my two efficient stewards, Gordon and Lyndsey. I thank the exhibitors for their entries, I can only comment on those exhibits which were in front of me, I found a variance in type and was very disappointed with the movement in many, what has happened to driving action behind and the swinging from the shoulder at the front? Unfortunately, this was sadly missing in many. All exhibits were presented in clean condition.

Class 923 MPD (2 Entries) Abs: 1

1st: 3504 ADAMS Mrs G Beresford Place Your Bets

Raw liver and white male of just 6 months, I found his head to be typical of the breed, although I would have preferred better pigmentation, he stood on straight legs, his elbows were loose, hopefully these will tighten with age as he fills his frame, his shoulders were clean and well laid, and he sported a good length of back, standing on moderately bent stifles at the back, tail set was good, but he had to have a tendency to carry it high on the move. BPD

Class 925 JD (1 Entries) Abs: 0

1st: 3509 CALVERT Mr & Mrs M & N Calvdale Costa JW

Smart Upstanding young liver and white male of 14 months, his head had good chiselling and fluting, with good pigmentation, kind eye, and a good length of ear, he had a straight front and tight feet, good depth of chest, tight elbows, correct length to back and a good spring of rib, correct rear angles and well muscled second thigh, a tail which was both correctly set and of correct length, he moved OK.

Class 926 YD (4 Entries) Abs: 0

1st: 3552 SMITH Mr R J Sh Ch Meverly Buona Notte

The most mature in this class, which in the end gave him the first place, this boy presented a balanced outline, has a classic head with just the right amount of stop and chiselling, square muzzle, well set on ears of good length, clean neck, carrying a little weight over the withers, straight front, good topline held on the move, just enough bend at the rear, moved OK, but was a little choppy at times.

2nd: 3507 BROUGH, Ms C & WALKER Mr P Riselawroad No Deal

Not quite as advanced as one, nice head with good chiselling, preferred the eye colour on this young man, standing on good straight bone with tight feet, he had a marginally better lay of shoulder, deep chest, good length to back with level topline held on the move, moderately bent stifles with low set hocks, good tailset, moved well and I am sure will improve with maturity.

Class 927 PGD (4 Entries) Abs: 1

1st: 3540 MCGOVERN Mrs F Baxbalach Rumour Has It

Liver and white who presented a balanced outline, nice shape to head, although would have preferred a darker eye, straight front with tight feet, clean neck with a good arch which was lacking today in some, nice lay of shoulder, he sported tight elbows and a good spring of rib, reasonable rear with good tailset, moved ok but rear not as positive as I would have preferred.

2nd: 3542 MORGANS Mrs N J Kennair Northern Star

Black and white that wasn't as forward as one, he has a balanced head, straight front with tight feet, good shoulders, was lacking in brisket, had a strong topline which was held on the move, good spring of rib, strong in loin, moderately bend stifles, shown in hard condition, good tailset, moved well, another who will improve with age.

Class 928 LD (10 Entries) Abs: 1

This class was strong and I was spoilt for choice, some close decisions and some lovely dogs.

1st: 3548 SAVELL, Ms C & ALLEN Mr A Petranella Proper Gossip JW

I have admired this dog since I saw him as a raw youngster at Bournemouth a couple of years ago, a stylish liver and white, to me he has a balanced head which is masculine, having a defined stop, with just enough fluting and chiselling, well set on ears of good length, clean neck with a slight arch, good lay of shoulder, straight front, tight feet, deep chest, good spring of rib, level topline, and good spring of rib, strong in loin, just enough bend at the rear, well developed second thigh, low set hocks, good tailset, moved true fore and aft with lovely profile. Pleased to award him CC & BOB

2nd: 3534 LARGE Miss S D Meadowdale Riot Is Madaza

Close up and considered for the RCC, classic head of good proportions, not quite the stop of one, correctly set ears, sufficient neck, good lay of shoulder, straight front, deep chest, level topline, good spring of rib, strong in loin, moderate bend of stifle, well developed second thigh, well let down hocks, another strong mover.

1st: 3510 CALVERT Mr & Mrs M & N Calvdale Zero To Hero JW Sh.CM

Smart Boy who presented a balanced outline, good head proportions, with sufficient stop, fluting and chiselling, correct length of muzzle, would have preferred better pigmentation, good length to ear which were correctly set, good length of neck, clean

shoulders correctly laid, straight front, tight feet, level topline, good ribs and loin, moderately bent stifles, well developed second thigh, low set hocks, good tailset, moved well. RCC

2nd: 3560 TRACZ Miss J J Sh Ch Meadowdale Alabama Slammer at Acregate Sh.CM

I found this boy up to size, he had a decent head and preferred his pigmentation over one, good neck and shoulders, straight front, deep chest, good spring of rib, moderately bent stifles, low set hocks, another decent mover, preferred the make and shape of one.

Class 931 MPB (3 Entries) Abs: 1

Two babies, who were completely different in make and shape

1st: 3556 TOPLISS Mrs T E Beresford Ladies Day

Liver and white of just 6 months, litter sister of the minor puppy dog, presented a balanced picture, feminine head, good eye, well set ears, sufficient neck, reasonable chest for age, decent rear, was a little hesitant on the move which I forgave for one so young.

2nd: 3537 MACLEAY Mrs H & Mr S Tiamant Always Happy Girl For Gordius At Potrail

This young lady had a reasonable head, but I would have preferred better pigmentation, eyes need to darken, which hopefully will come with age, she had a straight front but would have preferred tighter feet, I found her to be short in back, which spoilt the balance, moderate stifles and well let down hocks, she moved well around the ring, I wrote in my note's "Happy Girl", so she lived up to her name.

Class 932 PB (2 Entries) Abs: 1

1st: 3554 TERNENT Mr G R & Mrs A Hunterheck Under A Spell

What a sweet little Black and White, one of the best that I have seen from this kennel, her head was balanced and feminine, dark eye of correct shape, sufficient bone for a bitch, straight front, her feet could have been marginally tighter, clean neck and correct lay of shoulder, chest needs to develop with age, good spring of rib for age, lovely topline which she held on the move, strong in loin, nice rear with moderate bend in stifle, and good second thigh, well set tail, owner had her moving steadily which was correct for her age. BPB, BPIB and absolutely over the moon to hear when I got home that she had won Puppy Group 1, well done to you both.

Class 933 JB (8 Entries) Abs: 3

1st: 3563 WALLIS, Mrs P & Mr D & LEVENE Miss A Petranella The Real Deal  
17 month old Liver and white, this young lady had a typical head from this kennel, being feminine, balanced with just the right amount of stop and chiselling, clean flowing neck with arch into well laid shoulders, straight front with just enough bone, good spring of rib, level topline held on the move, strong in loin, moderate bend, strong in second thigh, well let down hocks with good set of tail, she moved the best in this class, and I am sure with maturity will be knocking at the door in the future.

2nd: 3535 LAUHLAN, Mrs J & LAUHLAN Ms D Lochbride Mercy Me

Overall more mature than my winner, head was balanced but not as feminine as my winner, she was straight in front and stood on good feet, level topline, good rear angles and tailset, another who moved well.

Class 934 YB (3 Entries) Abs: 1

1st: 3513 COKELL Mrs H Carlyquinn Mama Mia

Third in the Junior class, this young lady was balanced, having a typical head and good ear, her shoulders were OK, she stood on a straight front, she had sufficient bone, but I would have preferred tighter feet, chest needs to develop, but this will hopefully come with age, her rear was correct with moderately bent stifles, sufficient second thigh and well let down hocks, correct set of tail and another who moved well.

2nd: 3508 BROUGH, Ms C & WALKER Mr P Riselawroad Framed In Time

A slightly bigger built liver and white bitch, who was however balanced, feminine head with fair stop, good eye, fair length of neck, reasonable lay of shoulder, sufficient bone, feet were tight but tended to turn out on the stand, reasonable ribs and loin, correct angles at the rear, good tailset, moved true.

Class 935 PGB (6 Entries) Abs: 2

Difficult class to judge

1st: 3526 GREEN Mr K & Mrs C Kennair Like A Diamond

Black and white girl, balanced feminine head, sufficient fluting, kind eye, clean neck, good shoulders, straight front, level topline, good ribs, strong back end, was carrying too much weight which I forgave her in the class, but cost her in the challenge.

2nd: 3541 MCGOVERN Mrs F Riselawroad Copacabana For Baxbalach

This liver and white young lady was not as mature as my winner, she sported a feminine head, but I would have preferred more strength in muzzle, she had a fair neck and good lay of shoulder, correct bone, deep in chest, good ribbing, I found her to be longer in loin than one, her rear was correct with moderately bent stifles, good second thigh and well let down hocks.

A lovely class, spoilt for choice.

1st: 3506 ADDOO, Miss J & ADDOO Miss L Trimere Truly Scrumptious At Reulemill Sh.CM

A liver and white girl who presented a balanced outline of correct size, fell in love with her feminine head which was both balanced and had just the right amount of stop, fluting and chiselling, kind eye of correct shape and colour, sufficient in neck, correctly laid shoulders, straight front, but could be lazy, owner needs to watch this, tight feet, deep in chest and tight in elbow, good length to back with a level topline which she held at all times, good spring of rib and strong in loin, moderate stifles, well developed second thigh, well let down hocks, low set tail, moved well in all directions, could not be denied in the challenge. Bitch CC

2nd: 3514 CORBETT Miss S J Trimere Teresa Green

Litter sister to one and I was splitting hairs, slightly bigger in frame than one, her head was of correct proportions and typical of the breed, I just found her slightly less feminine than one, lovely neck with arch, well laid shoulders, straight front, tight feet, good brisket, level topline, decent spring of rib, strong in loin, moderately bent stifles,

well developed second thigh, low set hocks, like her sister excelled on the move, in the end splitting hairs and down to personal preference, strong contender for RCC.

Liver and white lady who in my opinion was a clear winner here, gave a picture of balance, head had sufficient fluting and chiselling with square muzzle, kind dark eye of correct shape, well set on ears of correct length, flowing neck into well laid shoulders, straight front, enough brisket, level topline held on the move, good spring of rib, strong in loin, moderately bent stifles, strong second thigh, well let down hocks, powered around the ring. RBCC

2nd: 3517 CUNLIFFE Mr G & Mrs J Sh Ch Ir Ch Calvdale My Girl Of Fallenleaf JW Sh.CM

Nice type, smaller than one, feminine head of good proportions, good neck and shoulders, straight front, tight feet, good depth of chest, level topline, stifles moderately bent, well let down hocks, good tailset, was carrying a little extra weight today giving her a rolling action which showed in her movement.

1st: 3528 HAY Mr J & Mrs M N Tralay Truly Scrumptious

A nine year old black and white lady who enjoyed her day out, as one of this age should, she was a nice size with balanced head and good eye colour, straight front, level topline, good ribs, strong in loin, moderate bend of stifle, low set hocks, moved well for her age. BV
