Certainly hasn't reached his sell by date! Beautifully made dog who stands balanced and moves in true breed style with ground covering ease and that is what I call style because there is all the reach and drive one could desire but without exaggeration which is wasteful and not efficient and tends to result in poor fore and aft action. For me was the best of his sex and won accordingly. A pleasure to handle. CC

2nd: 5730 WHITLEY Mr & Mrs D J & E B Shipden Will Hay

A stonger headed dog, but made right with lots to like. I have judged him before and he has aged well save that he was not perhaps appreciating the early start and therefore lacked a little enthusiasm on the move.

Class 1832 MPD (3 Entries) Abs: 0

1st: 5665 CORBETT Miss S J Trimere Total Chaos

very babyish and will surely grow more co-ordinated on the move as he matures, well proportioned, good body lines, lovely quality of expression with soft well shaped eye, straight front with excellent legs and feet, I would be surprised if he didn't finish well

2nd: 5652 BROUGH, Ms C & WALKER Mr P Riselawroad No Deal

likeable sort with lots to recommend, still raw but good frame, shapely with correct angulation and good flowing topline, should tighten as he continues to develop and learns to use himself when moving

Class 1833 PD (3 Entries) Abs: 0

1st: 5708 SMITH Mr R J Meverly Buona Notte

almost the finished article a handsome d of excellent breed type who is good to go over, the most mature here with very pleasing headpiece, kind eye, winning expression, good forequarters, good depth of body, could stand a little more on his rear pasterns but moves out well BP

2nd: 5671 ELLIOTT Mr J W & Mrs B O Peasblossom Nemesis with Jonabar not as forward as 1 in various areas but presents well in outline, good neck and shoulder, well ribbed, good skull and foreface, moved ok for age, needs time really

Class 1834 JD (2 Entries) Abs: 0

Neither exhibit was perfect in front

1st: 5666 CRABTREE Mrs J M Roqfolly Black Label

workmanlike d, good height to length ratios, attractive head, could be a little more filled in foreface but does not fall away under the eye and blessed with soft typical

expression, good length of neck, shoulders satisfactory, good rib, topline and rear assembly

2nd: 5649 ATKINSON Mrs S D Wenark Prelude at Kinsanto  
slightly stronger all round type than 1, good bone, intelligent, kindly expression, firm, level top line, in good fettle and moved ok

Class 1835 PGD (9 Entries) Abs: 5

1st: 5672 EYEINGTON Mr & Mrs S & J Meadowdale Cassapple Manhattan JW  
Smart exhibit who presents a good picture, beautiful coat of correct close, silky weatherproof texture, good reach of neck with nicely sloping shoulder and good upper arm and one of the ones with correct forechest, well ribbed with good strength of loin and width of quarters. Fit and well conditioned I just wish he had been a tad more outgoing

2nd: 5682 JENKINSON Mrs K Eastriding Armani Diamonds  
Different type but still exhibiting many of the qualities I admire, moves freely as a result of his satisfactory construction all round, well bodied with good underline, unlucky to meet 1

1st: 5658 COKELL Mrs H Carlyquinn Can't Wait JW Sh.CM  
Classy, typical specimen who ticks the boxes for me, masculine without being overdone, attractive head with all the necessary attributes, good correct, straight bone with elbows set well to body and stands parallel, muscular neck and well laid shoulder, well developed body with good heart and lung room, well coupled, good second thigh, nicely balanced strong hindquarters, free effortless mover. Well deserved RCC which he had to fight the winner of open hard to achieve

2nd: 5695 MORGAN Mr & Mrs K L & M E Plaiglen Dream Dancer  
of good make and shape this d appealed for his active lines and sensible proportions, lovely head pattern, melting expression, head carried well, stands balanced and moved satisfactorily with animation

Class 1837 OD (8 Entries) Abs: 3

This class gave me most pause for thought as I was a little concerned over the length of rear pasterns in some cases. This breed must be able to stand balanced as it is such a waste of kinetic energy if an exhibit cannot hold itself in repose and this is always further illustrated on the move when exaggerated hind quarters cannot be disguised and sickleing hocks will be hard for an exhibit to control. Even if this appeals to some as "stylish" in profile it must be anathema when observed fore and aft. I worry that if allowed to creep back into the breed those with less experience may perceive it to be something desirable.

1st: 5673 EYEINGTON Mr & Mrs S & J Sh Ch Ir Ch Meadowdale Banjo JW Sh.CM  
Admirable dog who is worthy of his high office, I like his lovely head qualities set off with charming and typical expression, good body lines, everything where I want to

find it and handles like a good one, strode out well with purpose and was not easily discounted in the challenge

2nd: 5715 TOPLISS Mrs T E Swed Ch & DK Ch Sanque's Cut To The Chase  
Straightforward and very appealing sort who is good in all departments, presented in sparkling condition and moves with economy to cover the ground well. Lovely outlook.

The standard could have been written for this outstanding exhibit who has it all in an unexaggerated way. She carries her years lightly and radiates classic type and moderation giving a magnetism that is hard to deny. Yes she took her time settling into her stride but once she decided that she would show off her charms how could she be denied? I have judged her before and detailed all her plusses then, suffice it to say she is simply special. CC and BOB

2nd: 5685 JOYCE Mr N J & Mrs S L Shelcasrie Lovers Leap

A delightful example who fits the bill, feminine and presented in very good order, is beautifully proportioned and shapely throughout with excellent angulation, moved so well using her quarters to drive well under the body and really was eye catching from all angles. She would not let me overlook her for the RCC.

1st: 5653 BROUGH, Ms C & WALKER Mr P Riselawroad Framed In Time

Headed three absolute babies who all need time to settle and learn their craft but all were very appealing. Has the capacity to finish well with good height to length ratios, pleasing backline and underline, good rear assembly felt she was just a little more collected than 2 today

2nd: 5679 GREGORY Ms L Arcadia Autauga

Unsurprisingly A tad loose in front but she excels in quality of head and expression which exemplifies the standard and as she matures she will fill out and doubtless fulfill her potential

Eye needs to darken a little but the best here for make and shape with so much to appeal, able to stand really balanced on good well padded feet, correct angulation fore and aft, good body and loin

2nd: 5661 CORBETT Mrs A E Trimere Ta Dah

Pretty headed exhibit who presents pleasing picture and moved ok when she wanted to, satisfactory in neck and shoulder, still a baby but nothing wrong in that

type who is good to go over and deserves closer inspection. Still inevitably a juvenile but has excellent body lines comprising good depth and width of chest, well ribbed, strong loin, good angulation fore and aft without exaggeration with shapely rear assembly including correct rear pastern placement used to advantage on the move

2nd: 5694 MITCHELL Mr & Mrs D & J Peasblossom Moonstruck

Flashily marked with lots to like, put down in exemplary condition with full furnishings to complete the picture, in profile she was my likely winner as she has all the essentials in a lovely framework but she kept putting herself very wide in front and threw herself around on the move with excessive flamboyance to give away her immaturity which was a pity

Class 1842 PGB (11 Entries) Abs: 3

1st: 5662 CORBETT Mrs A E Trimere Teresa Green

scored to take this very pleasing class, smart active type with that supple musculature which is good to go over, sweet feminine bitch with super head properties, loved her neck and shoulder lines with good upperarm, great balance this one need no help standing, super legs and feet, correct body, loin and rear with good second thigh

2nd: 5716 TOPLISS Mrs T E Calvdale Duty Calls

another goodie, handled to advantage although does not stand quite as well on her rear pasterns, nevertheless quality individual with similar appealing conditioning, good skull and foreface with kind expression, good legs and feet and goes really well in an economical and proper fashion

went to the front of a good trio by really using herself moving in that free and easy manner which is so typical, could be a tad cleaner in neck and shoulder but is very nicely proportioned and feminine, well bodied with correct spring of rib flowing into good loin and shapely hind quarters placed naturally where they should be, good tight feet

2nd: 5663 CORBETT Mrs A E Trimere Tough Cookie

Not as developed in underline as 1 but classy exhibit of good make and shape, well fettled, good length of bone, correct muscular and well formed neck into good shoulder, firm topline which flows as it should, good in croup and width of thigh

Mature specimen in her prime, pretty b who has filled out in body beautifully since I last encountered her, loved the quality of her head properties with super skull and foreface with the lovely soft expression that comes from a well shaped eye, nice

length of neck, good chest and rib, strong loin. Moved soundly and as one would expect from one made right. Pressed very hard for top honours

2nd: 5680 HOLT, Ms K & HOLT Miss B Sh Ch Trimere Tranquiliser At Bethryn Sh.CM

I really enjoyed examining this super b, built on classic lines she is a little narrower than 1 but well deserving of her crown and again because she has correct conformation she moves in that inimitable fashion which is accurate and effortless and so pleasing to watch
