1st: 5828 SUCH Miss J A Trimere Ticks The Box At Mujascal
smart L/W/T puppy who is very much a handful for his owner but once settled you can really see his qualities. Presents a lovely overall balanced picture when standing. Good head of the correct shape with well set eyes that still need to darken. Correctly set ears of a good length. Neck of a good length leading into well placed shoulders. Well boned forelegs and elbows set tight to chest. Good depth of chest for his age and well sprung ribs. Well angulated hindquarters with nice short hocks. Good muscle tone. A bit naughty on the move but once settled shows he has lots of promise, just needs to tighten a little going away. BPD.

Lovely dark eyes for his age giving a lovely expression. Good length of neck leading into a well angulated front. Well boned forelegs and neat feet. Good

depth to chest and well sprung ribs. Tail set on nicely. Would like to see a little more angulation behind but he has good muscle tone. Moved out very well and soundly.

What a class!! A high quality class of males with varying types which made for difficult choices, even the two boys unplaced were full of quality and could have easily been higher up on another day.

1st: 5816 MITCHELL Mr & Mrs D & J Sh Ch Peasblossom Jester

superb dark L/W/T dog who for me has it all. From the moment he entered the ring, he just demanded attention and I could not take my eyes off him. He is so full of quality. Perfect for size and an excellent, compact, well balanced shape when standing. Most glorious head, masculine but in no way coarse, good length and depth to his muzzle with square flew. Good stop. Dark almond shaped eyes giving the most kind expression with correct chiseling and fluting. Slightly arched, clean neck of a good length leading into correctly placed shoulders. Well boned forelegs with correct, tight cushioned feet. Super forechest with great depth, elbows close to his body. Excellent, well sprung ribs leading well back into a muscular loin. Strong, level topline, held well at all times. His stifle can sometimes appear to be too over angulated but when examined it is not and he has a great width to his thigh and excellent muscle tone. On the move, he is so easy and free and demonstrates the correct Springer movement exactly. He powers around the ring with his head held high and his tail constantly wagging, showing his great character. He was presented

to perfection and shown to get the very best out of him. Today, I could not find anything else to beat him and was delighted to award him CC & BOB. Thrilled to hear he went G4 in a quality gundog group. Well done!

2nd: 5825 SMITH Mr R J Sh Ch Meverly Buona Notte
another cracking dog with very similar qualities to 1. Another of a good size and a very striking dog that catches the eye when standing. So well balanced all through. Gorgeous, masculine head of the correct proportions, with dark, well set eyes giving the most gentle expression. Lovely length of neck, strong and well arched leading into excellent forequarters, so well angled. Super depth to chest. Excellent straight forelegs, with strong bone and tight feet. So well bodied with a good spring of rib set well back into his muscular loin. Well angulated behind, with good muscle tone. Was a little unsettled on the move today but once he set his mind to the job in task he powered around the ring with excellent reach and drive and so sound both coming and going. A quality dog who I could not deny the RCC today.

Very promising L/W/T puppy, who is sure to have a bright future. So feminine throughout, being of a lovely size and compact shape. Level topline held firmly at all times with tail carried & set correctly. Moderately angled hindquarters with good short hocks. Well muscled. 1st: 5776 CALVERT Mr & Mrs M & N Calvdale Hot Pink

Sublime B/W bitch who I have admired in the past, presented in the most gleaming coat and prepared to perfection. Beautiful size & shape, being compact and well balanced. Gorgeous head of a lovely shape, well chiselled beneath her dark, expressive eyes. Excellent reach of neck leading back into well placed shoulders. Deep chest with well sprung ribs. Strong forelegs with good neat feet. Firm level topline held well at all times. Well angulated hindquarters with excellent musculature which she uses to advantage on the move really driving out from the rear and sound both coming and going. Needs a little more confidence standing at times but really pulls it all together on the move, moving freely and happy. Very much in my mind for the RCC.

2nd: 5826 SMITH Mr R J Meverly Top Totti

another gorgeous bitch full of quality and style. Correct well balanced, clean outline but sometimes sloping in topline fractionally. Lovely head shape, with correctly placed dark eyes giving a melting expression, with good fluting and chiseling. Super to go over with everything flowing into the next. Firm topline and correctly set and carried tail. Good angulation behind with short, well let down hocks and good muscle tone. Only 3 bitches present in this class but oh what a class! This class really could've gone any way and was the toughest decision of the day! I would be happy to award any of these beautiful bitches the CC but unfortunately could only award it to one today.

1st: 5783 CORBETT Miss S J Sh Ch Trimere Teresa Green
feminine 3 year old L/W/T bitch, who I awarded BPIB the last time I judged. Really liked her then, loved her today! She is so typical, with a classic springer outline and not exaggerated or over done in any way. Beautiful, feminine head of the correct proportions, with wonderful almond shaped, expressive eyes, well chiseled and good fluting between her eyes. Fairly broad, slightly rounded skull with good stop. Slightly arched neck of a good length, leading well back into correctly sloping shoulders. Excellent depth of chest and good spring of rib. Well boned forelegs with neat feet. Elbows close to body. Firm, level topline held well when moving and standing. Moderately angulated hind quarters, with broad well developed thighs. Nice short hocks. She really comes alive on the move and today she flowed around the ring effortlessly with true springer movement, swinging from the shoulder and driving from behind. So sound coming and go. Presented in tip top condition today and handled to advantage. Delighted to award her the CC.

2nd: 5817 MITCHELL Mr & Mrs D & J Sh Ch Peasblossom Moonstruck
another top class exhibit from this Kennel! Such a beautiful, typical B/W girl, that is so very feminine. She presents such a balanced outline when standing, completely moderate. Her head is so beautiful, so well balanced and correct. Well chiselled with the correct fluting between the eyes. Good flat cheeks. Beautiful almond shaped eyes, giving a soft melting expression so desired. Well muscled, slightly arched neck of good length, laying into well placed shoulders, good return of upper arm. Super depth of chest. Lovely well boned legs, with padded tight feet. Elbows closet well to her chest. Well sprung ribs carried well back into a correct short, muscular loin. Firm, strong, level topline, with tail set correctly. Completely moderate hindquarters, with such good muscle tone. Short hocks. She is a super mover so sound but today had a tendency to slightly roll and just wasn't that precise on the move as my winner but nonetheless she is a bitch full of quality and I was thrilled to award her the RCC.
