Promising six month old pup who is well matured for his age. Good front, beautiful head with a good expression. Would like the eyes a bit darker though. Well angulated in rear. Moves well and stretches out good in front, but needs to use his hind legs a little bit more. That will probably come with age though.

A junior dog of excellent type and quality. Lovely head with breed typical expression. Well matured for age, but lacking a little in fore chest right now. Good topline and moves with good length of stride and drive

2nd: 2816 BOTT, Mr R P & SAVELL Mrs C Art-wave's Standing Ovation For Allenie (Swed Imp)

Good type and overall proportions. He has an excellent head with a beautiful expression, but I would like darker eyes. Well matured for age and moves with quite good length in front but is "kneeling" and has a rolling back in movement. Slightly over angulated in rear. Well presented!

Male dog of good type, masculine head, good reach of neck, but too upright in shoulder and straight in upper arm. Enough forechest well angulated in rear but on the edge of too much. Moves with good length, but could be more proud of himself on the move.
