

Thank you to the L&CESSC for this appointment and to my two stewards Lesley and Jane, who kept things moving.

Thank you to the Exhibitors for my lovely entry I thoroughly enjoyed my day and was thrilled with my line ups. We had a large ring which gave scope for the dogs to really move out, although it was a little slippery underfoot affecting some of the movement and also the carpet hid some metal grating which did put some of the dogs off. On the whole presentation was very good but I surprisingly found a few bad mouths and also some movement that would benefit from better muscle condition.
