

Lancs & Cheshire Champ Show 19

My kindest thanks to the committee of this show for inviting me and for all hardwork for this great show. Kay Woodward did such a great job as my ring steward, highly appreciated, thank you all other who worked around, all things were going so smoothly and I had the pleasure and honour to judge so many lovely dogs. Huge thanks for all exhibitors, your dogs were shown in excellent condition and with tender hands.

The only note I would like to mention was that many dogs had teeth plaque; white teeth is always more beautiful view to see. Most dogs shown on that day were showing lovely typical springer temperament, which gives always smile on the face while judging. Thank you so much, you all made this a day to remember for me!

Puppy dog

1, Eastriding Royal Mayfair.

Lovely young boy, full of quality. I liked his proportions and type. Masculine very typical head, still under development but many nice breed details; just can not get any stronger. Typical expression and eye colour good enough for his age. Beautiful neck flowing well in to well placed shoulder and firm topline, holding it also on the move, well set tail using it nicely. Just a bit straight in upperarm. Good forechest, well ribbed body for his age. Excellent bone and feet. Free easy mover carrying himself nicely, should have a nice future in front of him.

2. Trimere Ted Baker With Annayah.

Another lovely young boy in this class, lot to like on him. Beautiful outline and correct proportions. Masculine head under development, skull can't get any stronger. A bit round in eye disturbing expression, eyes need to darken. Beautiful neck, a bit straight on shoulder. Beautiful topline, even if touch steep on croup. Excellent bone and feet. Lovely coat quality. Easy fluent sidemovement, still a bit teenager in front movement. Carries himself well and is promising one too.

1 Kennair I Am I Said

Lovely feminine bitch, lovely type and very moderate and well balanced all through. Perfect proportions of the breed; for my eyes just what standard asks of being highest on legs and raciest in build of all British land spaniels. Lovely outline on standing and she keeps all that on the move. Beautiful well chiselled feminine head with lot of work and with real typical expression of the breed. Dark beautilly shaped eyes, correct fluting and length of the muzzle. Beautiful neck flowing well in to well placed shoulder, well laid upper arm. Well ribbed body with correct length and depth. Moderate bone and lovely feet. Level strong topline, correct tailset. Excellent coat quality with moderate feathering. When I saw this fantastic 9,5 year old bitch standing in this class I got many goosebumps, such a heart touching moment indeed. Amazing condition, showing no signs of her age. Lovely well ribbed body with plenty of heartroom. Well filled forechest. Well balanced angulations giving her typical swing of frontlegs on the move and good power in the rear. Level topline, correct tailset. Super beautiful coat of excellent quality, and in fantastic condition all through.

Lovely bone and feet. Credit both to the owner and to the breeder. She was very
