RBB TRIMERE TOUGH COOKIE BP TRIMERE TERESA GREEN

I was honoured to have such a lovely entry of excellent dogs. Thank you to the exhibitors for their patience, getting into the ring some two hours behind our scheduled time. The BOB just made the Group and I congratulate his sporting owner on Group 2. Pleased to see level top lines and correct angulation, movement on the whole was good and eye colour is improving.

1st TRIMERE TERESA GREEN (MRS A CORBETT)

I have loved this bitch since she first came out and she fulfilled my expectation on judging her. Quality 11 months old l/w with well balanced head, feminine with a kind expression. Lovely length of neck leading into excellent forequarters. Good bone and neat, tight feet. Good spring of ribs, level topline and moderate rear angulation, altogether a lovely outline. A very forward young lady, never more so than in her movement, driving around the ring with a typical springer gait. Feel sure she is destined for great things BP.

2nd TRIMERE TRULY SCRUMPTIOUS AT REULEMILL (L & J ADDOO)

Aptly named bitch, litter sister to 1 and many of the same remarks apply. Very feminine head, aided by dark, almond shaped eyes. Good body shape and depth. Well muscled quarters. Moved with style around the ring. Another that should do very well.

1st CHERISHYM CHARA (MR P & MRS Y RICHARDSON & TERRY-RICHARDSON) Just out of puppy and at the moment rather fine all through. She needs to drop and fill out her frame but time is on her side. Very pretty with feminine head. Pleasing outline, level topline and compact feet. Moved well.

2nd TERNSPRINGER HARMONE (MRS L HIPGRAVE)

an honest bitch who was presented in the most superb condition, along with her kennel mate, the best muscled exhibits today. Pretty head, good length of neck. Nicely shaped body, correct angles and moved well if a little close behind today.

Post Graduate - Bitch

2nd CARLYQUINN CANDY KISSES (MRS H COKELL)

another very nice exhibit from this kennel. Litter sister to my RBD, their breeder should be very proud. Feminine l/w of correct size and shape. L/w with a beautifully balanced outline. Feminine head with kind expression. Great neck with well laid back shoulders. Well ribbed, short coupled, correct level topline. Her rear quarters are well developed with good second thigh. Has enough substance whilst retaining true femininity. Lovely condition and another who moved with the typical springer gait, swinging and extending through her shoulders and driving from the rear. See she is the dam of my RBD and the 2nd in Post Graduate bitch. BB
