I found quite a mix of types. Coat presentation was excellent, sadly most were in rather soft condition. I'm sure many would move much better if they had been muscled up the way a Sporting Spaniel should be. I was very pleased with my bitch line up. Delighted that the BOB was placed in the adult group, BP & won PG1, well done.

this dog just outmoded the competition today. His head is masculine, It is a little too strong, deep in stop. Good eye & expression. Would prefer a cleaner neck, but it has good length. Shoulders are fairly well laid. Deep chest. Holds a level topline. He has a very well made rear. He is so beautifully muscled, one of the few in the entry that is absolutely parallel out & back & simply super in profile. Above all he has sheer quality. CC, BOB & G4;
